1. You made Me #1, and when no one else exists, you brought Me forth. I love you. You brought Me forth in reality, tangibility, focus of My rays of light. I love you. You are Me. You become Me. You've become Me for you made Me number one and no one else exists. Thank you. Amen.

2. Behold the lamb slain. Behold the lamb slain. Behold the lamb slain from hence, thence, before and after'd the future'd was thought to have begun long ago, you brought Me forth in the now that now is. Thank you.
You are a light. You are the light, form and fashion of Me, for no darkness resides in you now. Thank you.
Demised all darkness, settling the dust issues and letting/becoming, pure/light, bringing Me forth, bringing Me forth as pure light, and there is no shadow in pure light pure'd; eradicated darkness. I love you.

3. There is no shadow in Me. There is no limit in Me.
In quantum physics, there is no shadow; not yet, but will be.
For all will know how to bring Me forth in reality, and volition none, without purity. Scienster cannot stand, arrogance cannot stand.

Who am I to play God? I am not playing, you brought/bring Me forth and in birthing/letting the lamb be slain, the lamb arises; mortified not, unmortal'd.
Watch Me. Love Me. See Me. See you Me. See Me you.

4. See you having brought forth the lamb slain.
See you being the lamb slain.
See you bringing forth many now, lambs slain, by their own choice only, entering the kingdom of heaven at noon, way before. Midnight, way before. NOW Ted, now reader-hearer, you if you choose, all who choose.

5. There is that which changeth a man. It occurs when light is let and surrendered to, light being Me, pure sparkling river of life; light, purity'd pure, conglomerated not, congealed not en mass with other elements, spectrometer'd not, but gene'd of only Me with all complete; My form and fashion which now crosses every spectrum and utilizes all in/for **Father's house/mission: to love and be loved.**

6. I love you lover of men, women, and children, and all manner of Father's heart/creation. I love you. Elemental none, superspecific yes and amen. A new class, a new breed, bred by only surrender to Love Most High.

7. I am taking you across every spectrum now, bar none, past time future'd and beyond past, past beyond and yet future'd. Thank you unafraid. Document all with pen and ink and voice digitized prints of images the world earth has yet to behold in splendor, credibility, knowing they are so right when they are so wrong/limited/seeing only the empirical-thought. I love you.

8. See Me, you are Me, were and are again and bringing/having brought Me forth as pure gold, yea, much/far more valuable, go/do/become/into/much/for more than sight can see, for seeing with My eyes, pupils, you now do/are. I love you. Hands feet; issue. Thank you. I love you.

9. Into Me at noon. Yea, way before.

A new species; those coming into Me for Me and not them.

Those coming into Me to see the light is them with darkness stripped of its power.

Its power having no power and shadow'd darkness only is, being isn't; **for the real is emerges powerless not, all powerful, all present, all knowing, and there is/is there anything too difficult for the truly surrendered light being?** Yea, nay. Nothing. Nothing at all. Nothing before, after, in the now.

10. See Me and fail not to proclaim/produce the samples pure and empirical; voice prints, eye prints, hand prints of My real that now I document through you and My and My species that never die, never did, behold; I am one. I am light. I am life, and there is no beholding Me in horror but yea surrender to My love, now, while it be day. I love you.

11. Think you for arising/wrestling your body to write when so tired.

You rest. You rest are, in, so soon, nanoseconds.

All changes, lightyears ahead, behind, across, through. Amen.

12. Go in peace, rest, and pen write, flow.

My paper finished and published and does/He does, the work to publish/proclaim/produce the results of My heart, He/Me, you. I Am.

You're getting it/Me.

Roll/come forth in power, purity, light, life, obedience to My word/thought/impulse, electrical Me.

13. I lovest you thou Me in eternity eternal'd.

Yes and fortuitously not, slain. Thank you. Amen.

14. I change presidents, congress, mostly. Watch Me.
Capitulate not, yea, capitols change.

Enigmas not, clearly stated points of fact.

Emerge Me, being Me, they run like horses and strength have not a few, all;
Ability to run/fly in heavenlies real, seamless to/fro in through the kingdom of heaven
and the kingdom of this world. Yea, far and wide, far and beyond.
Time no issue. Space no issue.

15. **Warning, now. I love you. Issue My warning:** I am coming, the
likes of never having been before. I walk over through walls and nothing
penetrates Me. I am impenetrable. I am light, life, and no shadow or
variableness of turning is in/about/framing Me. My frame/fame emerges
in light life and meekness'd arrogance not, no arrogance at all; slain,
meekness Me'd arising, at noon, before; midnight, before, and among
darkness and gloominess a people arise and no one contends with them
for seamless they are, Me. I love you.

16. Meekness love, love visible, meekness visible and who is the lamb today, now in
this hour, minute, second?

It is you My friend and lover, you and you'd Me, Me'd you's who slain arise in the power
of your mind not, Mine; surrendered-all emerges in/all-power, being all-power; meekness
prerequisite, discipline/maturity prerequisite.

Timidity vanishes/vanquished.

Leadership lack, vanquished.

My vanquished-almost arise in power, prominence, position; yea, elite of world powers
thought and real, arise now, Me'd.

And unto Me a savior is born which is Christ the Lord, Me/you, which is you Me'd.

17. There is no aggregation, collectivism, unpopularism. There is no schism.

There is healing and oneness and all in one stream are; Me, if chosen;

The is and true real, the isn't and false intangible representation of not-Me dies
completely. Correct not, correct. Leave. Stand, lead in My word/voice this
moment/instant and look back never; never look back, seamless one. I love you.

One garment, Mine, with no seams.

Into Me seeing reality for the first time not but broader, deeper, and penetrating all by the
invitation/escort of Me to/in/through you'd, real. I love you.

18. Me My family. I dear you to so many.

There is life, lack none, lack nothing.

Your day of relief from religion is here.

Your moment of capture never will be.

Your moment of demise/death never comes.

You already bled, died, rose, and arise now with healing, healing all manner of divers diseases and people/things unlike you. I love you.

19. Into a far country I came/went, continue, and you many now, not few.

20. A new species in Me of Me, My blood, My mind, My Christs arising not few, and mighty are and behold the lamb beheld, them; and they emerge in every vocation known and coming and transcendent are/become beholding words behind/beyond/within worlds and you lead friend, friend, lover, equal. I love you.

21. Thank you for getting up, birthing, a new species. This night beholding Me and so many not-Me who scared of you aren't, knowing their power exist only in their mind; and their mind isn't; subject to shadows; so real walks through and light, My appearing, casts no shadows, and darkness becomes light, who choose to/Me/life eternal in Me. I love you.

22. Think it not strange the naysayers and littletons who say; "How can this be knowing I know not a man? I am this, I am that and the scripture-thought was all things." Yea and behold, I am all things pure and holy, and holy and pure is My name, and **I bring forth the holy and pure now as a nation known and unknown not; a people great and strong** the likes of never having been ever in the past and won't be for several generations; will, later much. Now arise and behead no one, yet placing My head on their chest, if they receive Me in honor and

23. Who can stand the day of My appearing, the voice of My word, the word of My voice crystal clear and purity'd, in them?

24. Who can stand and proclaim the/My word of the Lord in Knesset, parliament, congressional halls of power across lands many; fearing not death, reprisal, and cannot be bought/bribed with substance tangible or intangible?

25. Yea I am light and life and a people, My people. Yea proclaim their appearing/emergence this day not, this hour, moment and lead them I do, you do, by My spirit, My voice, Me, you.

26. I give you Me. Oh thousands, millions. Watch Me.
Seconds not, firsts, and yea of the first order and pushing none, shoving none, all meekness'd and disciplines are, chosen;
Rank and file of unchosen-thought now lead in the greatest army known to existence ever in the history yet before history;
My story, My man, My people, My leader.
Lead and declare a bold statement.

Who can stand the day of My voice/appearing in them?

They can, if they choose.

This is the day, the hour, the moment of My appearing in My who love Me, slain.

Arisables arise, one'd, Me'd;

And who can say thank you?

Who can hold countries in their hands, nations, determining their income, outgo, resolves, reserves, and appointing/appearing as light not, being My light/life to them, arising them out of darkness into My marvelous light?

You My friend, and those you lead, now, not later, now, this moment.

27. Rank and file demised no longer, going to the four corners in leadership and way, way far beyond. Thank you. Unafraid, impermeable by nothing/no one/no institution/no organization/no substance of not-Me. I love you.

28. Good night. We beheld, we behold.

We bring forth beholden, pure light.

Ones, now one.

Across skies foreign.

I love you.

Arise.

(Note: much of this language can be seen in Joel 2, KJ and NKJ. See also Isaiah 13).
